THE "CHAMPION" REAPER AND MOWER.—This excellent machine is now on exhibition in Machinery Hall, at the Fair Grounds, by Mr. J. C. Kennedy, representing Messrs. L. H. Lee & Bro., of Baltimore, general agents for the Atlantic States. It is manufactured in Springfield, Ohio, by Messrs. Whitley, Fassler & Kelly. Col. T. M. Holt, President of the Society, says of it:

"GENTS:—The "Champion" Reaper and Mower which I purchased from you in March last has more than met my most sanguine expectations. As a Mower I run it several weeks side by side with the "Sprague" Mower, which I considered a good machine. In mowing clover, we mowed some two hundred acres with the two machines. The "Champion" came out as she went in, sound in every respect, although she was run against several stumps, and at one time the extreme end of the cutter bar struck a peach tree which gave it all the leaverage it could; instead of breaking any part it brought a pair of heavy posts to a dead halt. We had five breaks on the "Sprague," each occasioned by striking a little snag of old stumps, neither of which would have injured the "champion" in the least. Considering its strength and durability, which is a very important item to a farmer far away from the shops, I consider the "Champion decidedly the best machine of the day, and can safely recommend it to every farmer. As a Reaper it has the same strength as a Mower, and the raking attachment being so perfectly simple and doing its work so perfect, I cannot conceive how it could be improved, as it does all that it is desired to do as well as if it was done by hand, and at the same time having no complications about it, but simple enough for any man of common sense to work. I should be glad to see every farmer in North Carolina use them, as I believe them to be the best labor-saving machine for cutting grain and grass in use, soon paying for itself in saving expense of harvest hands." It

THE DAILY NEWS.

VOL. III. RALEIGH, N. C., WEDNESDAY MORNING, OCTOBER 15, 1873. NO. 38.

THE STATE FAIR.

SECOND DAY.

Delightful Weather—Good Crowd—Handsome Exhibition and a Good Time Generally.

Yesterday, like its predecessor, was a charming day, and if the weather had been "made to order" it could not have been better. It was bright, balmy and invigorating. At an early hour the trains commenced moving to and fro and long streams of vehicles could be seen taking their way to the Grounds.

THE CROWD

was treble what it was on Monday, and still is but small compared to what it will be to-day and to-morrow. It is estimated, by competent judges, that between 2,000 and 3,000 people were present yesterday, and it may be safely put down that during the next two days 25,000 persons will visit the Exposition.

THE LADIES

were out in force, and thus when the eye became tired of looking upon the many things of artificial beauty which garnished the halls, it could find refreshment and rest in feasting itself upon the lovely handiwork of nature. A soft and musical laugh fell pleasantly upon an ear more accustomed to ruder sounds.

APPEARANCE OF THE GROUNDS.

At 10 o'clock a. m., the general appearance of the grounds was one of bustle and activity. Clerks were bending over entry books, or hard at work with label tickets, porters staggered under their heavy loads; wagons, carts &c., rattled along on their missions, droves of cattle, sheep and hogs hurried by search of quarters. The strains of martial music which were wafted through the air were somewhat marred in their melody by the harsh noise of the hammer, saw and the rushing train. Flags and banners streamed from the imposing buildings as if waving a triumphant welcome to the surging crowd, and the lull in the hum of conversation was enlivened by the sqdeaking tones of the hand organs of the side shows.

After disembarking at the railroad platform and entering the gate,

GENERAL EXHIBITION HALL,

with its treasure of wealth, art and beauty, stares one in the face. A ramble through its spacious domain is at once suggested and adopted. Proceeding to the Western wing,

MECHANICS HALL

is reached, and so much is here found to excite curiosity and inspire interest that attempts at description must be meagre. The magnificent display of hardware, house furnishing goods, cutlery, pistols, guns, &c., by our well known city firms, Messrs. Julius Lewis & Co., and T. H. Briggs & Sons, come in for a full share of admiration. The crowd lingers long around these attractive places and are only impelled onward by the attraction of other matters of interest. Beautiful specimens of marble, native and foreign, are exhibited by Messrs. Whitelaw & Crowder, of this city. These gentleman also have fine specimens of elegantly finished tombstones.

The assortment of elegant vehicles, from the factory of N. S. Harp, of this city, is the recipient of high compliment. Many were utterly astonished. They had no idea that such superior work could be turned out in the whole South much less Raleigh. A pheton was most particularly admired, and well does it deserve the praise lavished upon it. To say that it is perfect of its kind and superb in workmanship and finish does not exaggerate its merit. It is absurd to talk about going North to buy buggies, rockaways, carriages, &c., when there is such a factory as Harp's right at our doors. Messrs. Williamson, Upchurch & Thomas also had some finely finished and elegant looking buggies, rockaways, &c., on exhibition, manufactured in Wilmington, Del. In a word the vehicular display was a most excellent one.

Mr. W. M. Jones, of Cary, this county, exhibited some window sashes, blinds, &c., which was executed in a workmanlike and substantial manner.

W. F. Shultz, of Salem, the staunch patronizer of State Fairs, had a host of things to show, among which it is well to mention a beautiful sett of furniture, bureau, washstand, rocking chairs, arm chairs, foot-stools, piano stools, hair cushioned parlor chairs, &c., made of native black walnut wood. His rifles, manufactured in Salem, home-made mechanical tools, sash, blinds and door work, oils honey and bee swarms, did both him and the State infinite credit, and made up an exhibition well worthy of old Forsythe. The splendid refrigerator, donated by Alex. Lesley, of New York, to the Society, and which will be one of the prizes in the grand distribution of gifts, was universally admired, and many a house-keeper, as she stood longingly before the article in question, breathed a wish for this or a like piece of household furniture.

Of tinware, ice cream freezers, churns and other things of household utility there was an innumerable quantity, to say nothing of a number of other articles of mechanical ingenuity.

J. M. Rosenbaum, represented by Mr S. H. Young, had a fine display of china and crockery ware.

W. H. Morris, our well known furniture dealer, had on exhibition a lot of fine furniture and well made mattresses, which were a good deal admired.

Messrs. J. C. Brewster, Julius Lewis & Co. and T. H. Briggs & Sons, exhibited parlor, cooking stoves, &c., of every description and patent.

Leaving Mechanics Hall, coming towards the center of the building, the "tourist" arrives at what may be termed "Octagon Hall," which is devoted to

DAIRY AND HOUSEHOLD SUPPLIES, &C.

Here can be found in perfection butter, cakes, preserves, jellies, cheese, pickles, wines, &c. Here too are the elaborate displays of W. C. Stronach and Wayne Allcott, the popular Grocers of this city. Their show of fancy groceries is complete in every particular. A portion of this hall is also used by the printing establishments of the DAILY NEWS and Messrs. Edwards, Broughton & Co.

The

POMOLOGICAL EXHIBITION

by Captain Natt. Atkinson, of Asheville, the fruit-grower and nurseryman of the West, is emphatically a feature of the Fair. His collection embraces

ONE HUNDRED

different varieties of apples grown in a number of transmontaine counties. Among them are some of the finest species of this fruit ever brought to this section. Allusion will again be made to Capt. A. and his fine exhibition.

Passing from "Octagon Hall"

FARMERS' HALL

is entered. Huge corn and cotton stalks, bags of meal, barrels of flour, collections of various grains and a hundreds of other things pertaining to agriculture, are to be seen and inspected. Horticulture also puts in its claim to consideration in the shape of mammoth vegetables.

Incongruous as it may seem, sewing machines are in full blast here. The Howe, Wheeler & Wilson, Weed, Singer and Grover & Baker are in full blast, and a jargon about hem stitch, lock stitch, button-hole stitch and all kinds of stitches is kept up from morning to night by the representatives of the various machines.

Mr. R. R. Warren's

LINT ROOM FIRE EXTINGUISHER

draws much attention. The roof of this room is so constructed that if the cotton should by any means take fire, by means of a lever a close fitting cover is let down and the flames at once smothered. It is a capital invention, and we are proud of him as a Wake county man. In the rear end of this hall there is a large stand of beautiful geraniums, interspersed with acolias, grown in open air, shown by Mrs. J. C. Gorman.

Of leather and shoes there was an excellent exhibit. J. A. Leach & Co., of Thomasville, gave evidence of what North Carolina could do in the manturing line by the cases of their excellent shoes, which they had open to the public view.

There are numbers of articles in this hall which would be mentioned now if space and time permitted.

FLORAL HALL.

Ascending a stairway to the second floor this hall next comes under observation. In point of attractiveness and richness of decoration, it meets the general expectation, which is saying a good deal. There are so many pretty things to look at, one is at a loss to decide where to begin, and, after seeing, which he admires most.

Of bed quilts of countless pieces there is an astonishing multiplicity. It must be a favorite feminine occupation to engage in the manufacture of these variegated articles. It looks as if there were enough of these to cover up the Grand Stand and make wrappings for all the fashionable horses in the land. The hall is a wilderness of feminine fancies. Of crochet, embroidery of all kinds, zephyr work, lace collars, handkerchiefs, infants' paraphernalia, etc., there seems to be an interminable can now only specify a few of the arnumber. We ticles on exhibition:

The afghans of Mrs. F. and K. P. Battle were regarded as exquisite. The imitation point lace handkerchief and collar, worked by Mrs. Lucas, a lady 75 years old, merited and received special notice. A lot of linen embroidery, consisting of 30 pieces, entered by Mrs. Robards, of Oxford, was much admired. A crochet tidy, by Miss Utley, is a beauty and deserves a special mention. Mrs. Emily Smith's beautiful crochet counterpane was examined with interest. The same lady exhibited a watch 112 years old, which was buried during the Revolutionary war. Mr. Smith, late of the U. S. N., had on exhibition a collection of interesting Chinese and Japanese curiosities. Mrs. Falls' raised silk embroidery is very pretty indeed.

The embroidered handkerchiefs by Mrs. McNair, a lady 82 years of age, without the use of glasses, are a wonder.

The blind female pupils of the Deaf and Dumb and Blind Institute, exhibit a number of very pretty table, toilet and lamp mats.

Our enterprising dry goods merchants, W. H. & R. S. Tucker & Co., and A. Creech, have some magnificent displays of articles in their line. A collection of the eggs of various birds gave evidence of a good deal of ornithological research on the part of Master H. W. E. Jackson.

One of the main features of the show in this department was that of H. Mahler, under the superintendence of Mr. Thos. Blake. The magnificent case of silver ware, containing a superb porcelain lined urn, goblets, &c., the English flower vase with the magical singing bird, curious and elegant clocks, all went to make up a display, which challenges admiration and defies competition.

Among the articles conspicuous in point of attraction were those displayed by N. L. Brown, the Fayetteville street toy dealer and confectioner, home-made cologne by Pescud, Lee & Co.; wax fruit by a girl 13 years old; collection of photographs by J. W. Watson; paintings and crayon sketches by the young ladies of Peace Institute and members of others which cannot now be noted

From Floral Hall a stairway leads to the

GALLERY OF FINE ARTS,

where a collection of oil paintings, portraits, landscape sketches, &c., delights the eye of the connoiseur, The portraits are from the brush of W. Garl Brown, one of the most accomplished artists in this country. That they are true to life, all who have an acquaintance with the features of Hon. B. F. Moore, Col. J. W. Whitford, Hon. W. W. Holden, Dr. E. Grissom, the late H. W. Miller and others whom we could name, will testify. The productions of the pupils of St. Mary's School are creditable to the genius of the young ladies and the ability of their instructor.

After the round of General Exhibition Hall is made the contents of

MACHINERY HALL,

next comes under inspection. The celebrated Champion Mower and Reaper, represented by Mr. J. A. Kennedy, is on hand. To its usefulness a number of our best farmers cheerfully testify. Jas. H. Towles, agent, has stump pullers, corn shellers, grain drills, cutting knives, &c., to be seen. Green & Thomason, of Raleigh, are formidable competitors of the Milburn wagons and carts shown by Wayne Allcott. The Scattergood Needle, Gray, Utley and other cotton presses, whose names are now forgotten, are in the field. The attention of lumber men is much attracted by the 26 horse power portable engine and saw mill, with patent head blocks, of H. & F. Blandy, Zanesville, O., which is now in operation. It has a capacity of 6,000 to 20,000 feet in ten hours. There is a duplicate of this engine and mill which cut 150 feet per minute at the Cincinnati Exposition in 1872, taking the medal over 15 rivals. This same firm exhibits a 12 horse power plantation engine for running cotton gins, &c. W. A. Tanner, Richmond, Va., show an 18 horse power engine on wheels. The omission of the mention of a large number of ingenious and labor-saving machines is a necessity which cannot be avoided. The show of machinery and agricultural implements is unprecedently large and will be more fully noticed hereafter.

The ramble through the various halls above mentioned was a hasty one, and the slight sketch of their appearance and contents is made without much reference to a smoothness of diction or a completeness of detail.

GRAND PARADE OF BLOODED STOCK.

At 11 a. m., there was a grand parade of blooded stock. This gave visitors an opportunity of seeing the cream of the horse flesh and cattle without the trouble of walking all the way around the stalls. Here it is deemed appropriate to say that mention of the cattle, hogs, sheep, poultry, etc., is reserved until the next issue lack of space making this postponement unavoidable.

THE RACES.

Trotting race for a purse of $250 for horses raised in the State, mile heats, best 3 in 5 to harness.

Col. R. H. Williamson enters bay mare Fannie.

J. W. Haywood enters brown mare Fannie Haywood.

Simon W. Hays, enters black mare Mattie.

At 1 o'clock the horses came to the stand in the following order:

Col. Williamson's Fannie at the pole, Fannie Haywood in the centre and the black mare on the outside.

The heat was closely contested between Fannie Haywood and Colonel Williamson's mare on the first round, but owing to an unfortunate break of the latter, Fannie Haywood took the lead and maintained it throughout, winning the heat in 3:02; Mattie 2nd and Williamson's mare 3rd.

The second heat was more closely contested than the first, and a beautiful race. Fannie Haywood having the advantage of the pole, took the lead, opening a wide gap between the other two, but on the last quarter the Williamson mare closed in upon her antagonist and passed the judges' stand only a quarter of a length behind. Fannie Haywood won the heat in 3:06½.

The third and last heat was won by Fannie Haywood easily in 2:58.

FRANKLIN STEAM WASHER.—We are pleased to learn that the success with which the above named "Washer" is meeting, is universal. It has taken the place of everything else wherever introduced. It is truly a great invention and must in a very short while be used in every family. Messrs. Barrow & Pleasants, the Proprietors, need no word of praise from us. We will only add that they are gentlemen of character and standing. We copy the following from the city papers:

"We would direct the special attention of every house-keeper to the double column advertisement of this truly remarkable washer. It is a North Carolina invention, and is sold by a leading North Carolina firm—gentlemen of the highest character for honor and truthfulness. We have not tried the washer in our own families as yet, but we are personally acquainted with many who have tried it and highly endorse it. We know that you will never find the names of Capt. Joseph J. Davis, Rev. H. H. Gibbons, Mrs. Dr. George Field, Mrs. Gen'l Jos. B. Littlejohn and Mrs. John A. Williams, to any certificate of recommendation, unless the article recommended be all they claim for it."—*Sentinel.*

"We would not under any circumstances recommend an article, or anything, that we did not believe to be as represented. We believe it is universally admitted, by those who have tried the above named "Washer," to be all that is claimed for it—a success. The reports from everywhere it has been introduced, is, that too much cannot be said in its praise. It is truly a great invention. The press speak of it in the highest terms."—*Recorder.*

THE DAILY NEWS.

JORDAN STONE, Managing Editor.
SAM'L T. WILLIAMS, Political Editor.

WEDNESDAY.....OCTOBER 15, 1873.

Fair Week.

Our readers have manifested such a deep concern in the State Fair, that we propose to give full daily reports of the exhibition and its incidents in the RALEIGH NEWS. To do so, we will be compelled to encroach upon our editorial columns, and also to abridge our general news and State items. After the Fair is over, we will resume our usual variety.

HELP Memphis and Shreveport.

THE Editor of the Charlotte *Democrat* is a strong advocate of marrying. He says marriages promotes "morality, christianity, industry and population." But the *Democrat* must know there are *two sides* to every question.

IT will be seen in our local columns, that Mr. A. P. BRYAN, Express Agent of this city, will send all contributions intended for Memphis and Shreveport without any charge. These contributions will be duly acknowledged through the papers.

Col. S. D. POOL, Editor of *Our Living and Our Dead*, will receive subscriptions during the Fair week for his truly valuable and patriotic paper. Now is the time for those who have not heretofore had an opportunity to subscribe to do so. All who feel an interest in the record of our soldiers should aid this noble enterprise.

THE Fairs and Expositions now being held in different sections and States, are giving a portion of their proceeds to Memphis and Shreveport. On account of the heavy debt hanging over our Agricultural Society and the pecuniary embarrassments under which it now labors, it may be out of its power to extend any help in its official capacity. But will not the thousands of visitors who will be present during the week, take some action before the Fair is over, in behalf of the the two death-stricken Southern cities—that are now the scenes of so much desolation, agony and gloom?

THE Fair is the all-engrossing theme. Nobody thinks about anything else. Nobody talks about anything else. Nobody dreams about anything else.

Tuesday was as bright and glorious a day as was Monday, and the number of visitors on the Grounds was considerably augmented.

The Executive Committee could not possibly have chosen more propitious weather than the opening days have proved to be.

To-day, the extra cars will be crowded to overflowing and to-morrow and Friday will bring thousands more.

THE Virginia papers are laughing at the error of the Washington *Republican* in regard to the majority of the white voters in that State. The *Republican*, says that the white voters outnumber the blacks by two hundred and fifty thousand. Our Virginia cotemporaries think this blunder of the President's organ is quite extraordinary, when the combined votes of both the blacks and whites do not reach two hundred and fifty thousand.

It is astonishing that anybody should be astonished at the figures of the *Republican*. It seems impossible for that paper to stumble on the truth when treating of political affairs in the Southern States.

THE New York *Herald*, referring to the discussion of the Church and State question by the Evangelical Alliance, says:

"It was, we think, a mistake to raise the question at all. It is the question which reveals the weakness of the Alliance, and in America, where the State Church has no existence, it would most certainly have been wise, to leave the vexed question alone."

The *Herald* subsequently pays a high compliment to President WOOLSEY'S "magnificent defence of the American position."

We repeat what we have heretofore said in regard to this very inopportune and unfortunate discussion, because we believe it has not benefited the cause of Protestanism.

REV. DR. T. H. PRITCHARD, of this city has written a letter to the Editor of this paper, in defence of Dr. CURRY'S course in the Evangelical Alliance. On account of the crowded condition of our columns this week, we are compelled to postpone the publication of the letter until the Fair is over. We will then give Dr. PRITCHARD a hearing in behalf of his friend. The Doctor has not convinced us that our comments were unjust or uncalled for, nor do we believe he will convince our readers. But when we strike, we are always willing to hear. We desire to do no man injustice through these columns—and will not intentionally. We made our strictures on the basis of the telegraphic reports and we believe our position is impregnable. We shall have some comments to make on Dr. PRITCHARD'S letter when we publish it.

The editor of an Indiana paper has been presented by admiring friends with a lot in a cemetery. This is the first instance on record of an editor being able to "dead-head" it into a grave-yard.

THE Charlotte *Democrat*, a paper which is distinguished for its calm, conservative views on all questions, has this to say about the row in the Evangelical Alliance, about which we have already given our views at length:

"Last Thursday the meeting got into a terrible fuss about the doctrine or subject of Church and State. An Episcopal Minister from London read a paper in favor of the union of Church and State, and the Rev. Mr. Curry, a Baptist Minister from Alabama, (formerly a member of Congress,) read a paper against the union of Curch and State. Consequently there was a big fuss among the men who profess to be christians, and the crowd was dismissed to prevent trouble and probably a fight.

A suppressed resolve will betray itself in the eyes.—*George Etliott.*

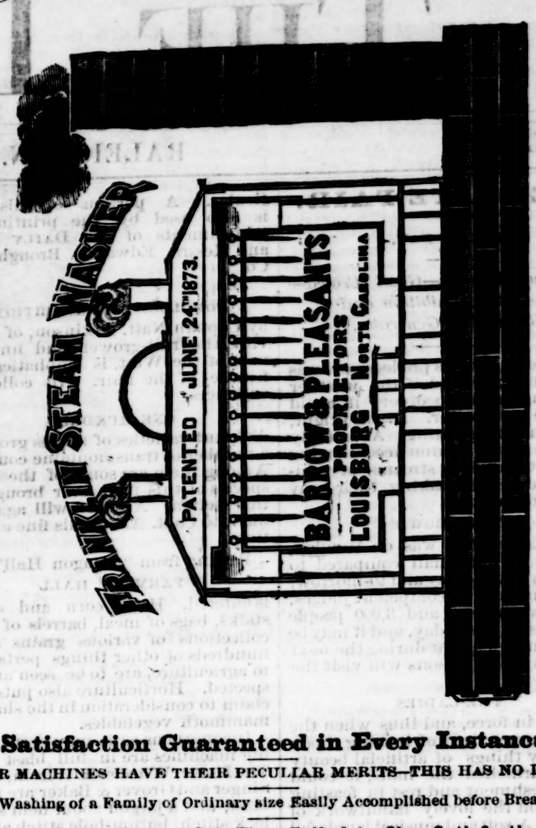
THE VERY LATEST IMPROVEMENT.



PATENTED JUNE 24TH, 1873.

Satisfaction Guaranteed in Every Instance.

OTHER MACHINES HAVE THEIR PECULIAR MERITS—THIS HAS NO DEFECT.

The Washing of a Family of Ordinary size Easily Accomplished before Breakfast!

Have Never Known One That Failed to Give Satisfaction!

No other Machine can be sold after the "FRANKLIN" has been Tried.

From One to Two Thousand Dollars a Year Guaranteed to Working Men!

Every County Sold in Which it has been Introduced.

WE CHALLENGE THE WORLD TO COMPETE WITH IT!!!

The inventor of the "FRANKLIN STEAM WASHER" was owner of the right to manufacture the "Improved" Woman's Friend in certain territory. While manufacturing these machines, and watching attentively their action and the manner in which they operated, and the results, he discovered certain prominent defects therein. He spent ten months in the study of the subject of finding remedies for these defects. He has at last succeeded—and as the result of his investigation and study, he offers to the public the "FRANKLIN STEAM WASHER," which is by far the best Washing Machine ever patented. We claim as an evidence of its merit that "LETTERS PATENT" were granted over all others.

It will wash anything from a Lace Collar to a Bed Blanket. It will cleanse the clothing without tearing and more thoroughly than can possibly be done by hand labor or the use of the rubbing board. With one-fourth of the labor four times as much can be done in the same length of time as can be done by hand. We could publish columns of certificates of its worth from those who have used it, but for the present we prefer the WASHER to speak for itself. We give a few below:

Messrs. BARROW & PLEASANTS, LOUISBURG, September 27th, 1873.

GENTLEMEN:—Mrs. Davis has tried the "FRANKLIN STEAM WASHER" and instructs me to say, in reply to your enquiry, that she is well pleased with it, and believes it to be all that you claim for it as a labor saving Machine. It does its work well and diminishes, by more than half, the labor of washing. She cheerfully recommends it.
JOSEPH J. DAVIS.

Messrs. BARROW & PLEASANTS, LOUISBURG, September 10th, 1873.

GENTLEMEN:—Before purchasing your Steam Washer, I paid four dollars per month for our family washing; now without any additional help, I have the washing done at home and pay fifty cents a week to have the ironing done. In this way I save $2 per month, and my clothes are much whiter, and I am satisfied, will last much longer than when washed by rubbing on the use of a board. It is all that you recommend it to be.
Very respectfully,
Mrs. C. M. COOKE.

Messrs. BARROW & PLEASANTS, LOUISBURG, September 11th, 1873.

GENTLEMEN:—I am using your Steam Washer, and it proves a success and I take pleasure in recommending it to the public, and testify to its being all that you represent it to be. Very respectfully,
Mrs. P. B. HAWKINS.

Messrs. BARROW & PLEASANTS, LOUISBURG, September 8th, 1873.

GENTLEMEN:—I have been using your Franklin Steam Washer for some time and can safely say is far the best I ever saw. I cannot do without it. MRS. A. W. WILSON.

Messrs. BARROW & PLEASANTS, FRANKLINTON, September 9th, 1873

SIRS—Mrs. Gibbons has been using your "Franklin Steam Washer" for two weeks and pronounces it a grand success.
Rev. H. H. GIBBONS.

Messrs. BARROW & PLEASANTS, LOUISBURG, August 4th, 1873.

GENTLEMEN:—I take pleasure in recommending your "Steam Washer." I acknowledge myself to have been incredulous with regard to yours, after having tested several others that had been as highly recommended to me; but the inconvenience to a large family, of not being able to get a good washer, regularly, induced me to give yours a trial. I am gratified to pronounce it a perfect success. I used it according to directions, and did two week's washing in two hours, nor did I give the first RUB. Whiter or more nicely washed clothes, I have never had. It only needs a trial to convince.
Respectfully,
Mrs. W. H. FURMAN.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 12th, 1873.

GENTLEMEN:—Through the kindness of your agent, Mr. J. J. Person, I have tried your "Steam Washer," and find it by far the best I ever used. It certainly saves a great deal of hard labor and does not damage the clothes. It is all that you recommend.
Respectfully,
Mrs. Dr. J. B CLIFTON.

OURSELVES AS OTHERS SEE US:

"We take pleasure in saying that the "Franklin Steam Washer" is all that its proprietors claim it—a complete success. We hazard nothing in saying that nothing has ever been put upon the market that meets with such universal favor. We are yet to hear of the first one that does not give entire satisfaction.—Louisburg Courier.

"It is meeting with universal and unprecedented favor among domestic circles."—Rocky Mount Mail.

"Messrs. Barrow and Pleasants constitute one of the strongest and most reliable firms in Louisburg, and from what we have heard of the "Franklin Steam Washer" and the high character of the parties controling it, we have no doubt but that it is all that they represent it to be."—Biblical Recorder.

"The patentees claim for the "Franklin Steam Washer" a superiority over all others, and from the description we have had of its workings, we believe its claims are well founded."—Christian Advocate.

"We have known Messrs. Barrow and Pleasants from "our youth up," and know they would not recommend anything unworthy of patronage. They are leading merchants in Louisburg."—Asheville Citizen.

We have acquired by purchase of the Patentee, Mr. S. W. Bartholomew, the sole right to manufacture and to sell the right to manufacture the "Franklin Steam Washer" within the United States and Territories.

We now offer the "Franklin Steam Washer" to the American people with full confidence that it will do all that we claim for it, and in order to introduce it as rapidly as possible, we are offering great inducements to working men who want to make money; we will sell State or County rights on very reasonable terms; for instance, we will sell the right to a county with ten thousand inhabitants for one hundred dollars. Within twelve months, if properly managed, the person can sell from three to five hundred Washers, at a profit of five dollars each, and his right will be worth more at the expiration of that time than it was at first, from the fact that it has been introduced and will sell in almost every family.

To parties wishing to buy State or county rights, we will, send, on receipt of five dollars, just one-half of the retail price, the "Franklin Steam Washer" complete, with instructions how to use, &c.; and after satisfying themselves that it is what we recommend it to be, they can correspond with us in regard to territory wanted, our terms, &c. We desire a good reliable General Agent in every State in the Union, and we invite correspondence with workingmen who would like to make money. None need apply who cannot furnish satisfactory evidence of their integrity and reliability.

Any tinner can make the "Washer," or parties buying county rights, can obtain them through us at cost.

All persons are warned against manufacturing or selling the "Franklin Steam Washer" without authority from us. Any person infringing upon our rights in this matter will be prosecuted.

☞ Our Mr. PLEASANTS will have rooms at the Yarborough House during Fair week and will give any information desired.

TO ALL WHOM IT MAY CONCERN:

We are well acquainted with Messrs. Barrow & Pleasants, as merchants they are doing a leading Business in their town. They are men of strict integrity and in every way reliable and responsible. They do what they engage to do.

SPECIAL NOTICES.

BILLOUS.—If you feel dull, drowsy, debilitated, despondent, have frequent headache, mouth tastes badly in morning, poor appetite, coated tongue, coated, sour risings from lorpid Liver or Stomach, Dizziness, Loss of Memory, Costiveness, Piles, or any part of these symptoms are experienced, you are suffering from the effects of Biliousness. If so, Dr. Pierce's Golden Medical Discovery is the remedy that will cure you. It is offered to the public as a certain remedy to effect a perfect cure—to purify the blood, invigorate the liver, regulate the bowels, restore the appetite, and thereby build up the system, strengthened and healthy. Sold by all first-class druggists.

How unnecessary the anguish, many persons undergo from rheumatism, neuralgia, toothache and earache. What unnecessary because the use of Dr. Tobias's Mexican Mustang Liniment in the first part, or a few drops of it in the case of the tooth, affords instanta neous, and always better, permanent relief. For cuts, wounds, bruises, swellings, and all injuries of this liniment is every where regarded as the most potent and reliable healing agent in existence. For all external injuries or ailments of horses and cattle, it is unfailing.

Hon. Homer Henry Foster, late Judge of the United States Court for the district of North Carolina gives the following as his opinion of Beckwith's Pills:

"For some ten or twelve years past I have been in the habit of using Dr. BECKWITH'S ANTI-DYSPEPTIC PILLS in my family, and consider them as valuable a domestic medicine, that I never suffer my stock to be exhausted. I have used them with good effect in dyspeptic cases under various modifications, and have found them invaluable in relieving from sick headache, and from all the usual symptoms or functional derangement of the viscera. As an aperient, they are excellent. I have long had the pleasure of an intimate acquaintance with the inventor of these Pills. He is a gentleman of integrity and worth, and he ranks high in the science of medicine and the healing art.

The store of Mr. James Johnson, at Smithville, was broken into and robbed of $200 worth of goods on Friday night. This is the second time this store has been robbed within the past two months.

Says the Asheville *Pioneer* of the 11th inst:

On the 3rd inst., Deputy Marshals, F. A. Ray and R. O. Patterson, accompanied by Special Deputies, Frank Case and A. Featherston, discovered an illicit distillery at Kimsey's Camp, Transylvania county on the East Fork of the French Broad River, ten miles from Brevard. Two of the party approached, it, when they were fired on by the distillers, one of their shots passing through the clothing of Mr. Ray, and causing an abrasion of the skin. The other officers immediately hurried to their assistance, when the distillers, William Cisson and Jack Simpson, ran out of the still-house and endeavored to escape. They were fired upon by the officers, when Cisson fell, and Simpson surrendered. The officers then destroyed the still, with forty gallons of liquor and fifty stands of beer. They returned to Brevard that night, and the next day visited the same vicinity, found where there had been two other stills in operation, the stills and worms of which had been removed. They destroyed one hundred bushels of meal, forty stands of beer, and made five arrests. On their way back to town, they were met by the Sheriff of the county with a posse, who, with guns cocked demanded their surrender, and placed them under arrest. Thus guarded, the officers rode in town, stubbornly refusing to give up their prisoners. Officers Ray and Patterson waived an examination and gave bond for their appearance at Court, while Case and Featherston, submitted, were examined before a magistrate and acquitted. The officers are of the opinion that the intention of the Sheriff and his posse was to prevent them from making arrests and breaking up the stills in that section; but they had accomplished their object before the Sheriff and his party reached them. Cisson, though severely, is not supposed to be mortally wounded. The shot entered near the central portion of his back, a little to the right of the spine, and ranging upward lodged in the right breast, just beneath the skin. His partner, Simpson, was brought to jail, as was also Jno. Bagwell, who failed to give bond.

CAN A MARRIED WOMAN BE A BANKRUPT?—This much disputed question has recently received adjudication in Indiana by Judge Gresham, of the United States District Court at Evansville. The case was a proceeding in bankruptcy brought by Hays, Gibbons & Co., of St. Louis, vs. Rachel Goodman, a married woman. The petition charged that Goodman was the wife of Morris Goodman, and that for several years she had been engaged in business in her own name in Evansville, Ind.; that she was indebted to plaintiffs in the sum of $487 27, and had committed an act of bankruptcy. The Court ruled that in accordance with the statutes of the State a married woman cannot engage in any kind of business on her own account and have separate property. The earnings of a wife not possessed of separate means go to the husband, and under such circumstances she cannot be adjudged a bankrupt.

The near-sighted hen, that ate sawdust, supposing it to be corn-meal, went and laid a nest full of buckeye knobs, set on them three weeks, hatched out a complete set of parlor furniture, was a pretty fair hen.

The cost of the Masonic Temple at Harrisburg, Pennsylvania, with the grounds, will be about $150,000.

In the present scarcity of coal, the English are looking to all coal-saving machines now in use, and are seeking for new. The waste of coal is threefold—in the production of steam power; in domestic consumption; in the metallurgical furnaces. In the first and third very little saving has yet been effected. In the second great hopes are conceived of Captain Galton's "ventilating fireplace," an unpatented invention. The fireplace in external appearance, is like an ordinary grate, except that it has a high brick back, which is perforated at about at about mid-height to admit warmed air into the fire to burn a large proportion of the smoke, which is usually sent up the chimney unburned. Further than this, there is a chamber at the back of the grate, into which the air passes directly from without, and, rising in a separate flue is ejected into the room under the ceiling.

PARIS THEATRES.—In Paris the floor of the theatre is kept sacred to gentlemen. In the *stalles d'orchestre* and *parterre* no ladies are admitted, and thus the brilliant effect of the *coup d'œil* presented by an English or American house is missed. The ladies, decked out in all the extravagances of fashion, congregate in what corresponds to our private boxes and dress circles; while the upper circles are filled by the *bourgeoise*, and the galleries by the common people and the *claque*. Full dress is not enforced for gentlemen in any part of the house, and it is generally a rarity to see them in England's well known "swallow-tail" and white tie in any part of a Parisian theatre.

BROKEN BANK NOTES.—It is stated from Washington that the circulating notes of the suspended national banks are already in urgent request by various parties who are desirous to embark in the banking business but have been unable to secure circulation. There is reason to believe that within a few weeks every national bank which closes permanently will be succeeded by a new one. When a portion only of the circulating notes of a broken bank has been redeemed a new bank may use that portion in starting, and its circulation may be extended from time to time as the old band notes are gathered in.

General Avery, of Pennsylvania, who lost a leg in the service of the Federal army during the war; was then some time on duty in the South carrying out the reconstruction measures; was placed on the retired list and on the pension list with the rank of lieutenant-colonel; and has been in Texas for two years as Secretary of the Houston and Northern railroad—is now editorially connected with the Galveston *Commercial*.

LOCAL MATTERS.

ROSE AND HARRY WATKINS.—Tucker Hall was crowded last night by a select and appreciative audience to witness the great Southern favorites, Rose and Harry Watkins, in their unexcelled rendition of Kathleen Mavourneen. The stars were well sustained by the Talented Stock Company, and the performance was a grand success. To-night will be rendered that most excellent drama "Hidden Hand," which must be seen to be appreciated. This play was a favorite of the late Wm. Gilmore Simms who in a report of its rendition by Rose and Harry Watkins, in Charleston last winter passed the highest encomiums of praise upon their brilliant success. Mrs. Watkins is said to be, by the best critics, the best "Capitola" on the American stage. Go early to secure seats.

NO SUSPENSION.—The only "Bankers" that have not suspended. ($1,837), one thousand, eight hundred and thirty-seven dollars was paid by Mehegan, Manufacturer of the Bankers Segar, to the United States Government for the nine months ending Oct. 1st, 1873, and the demand is still increasing.

MADRID, Oct. 14.—Thirteen were killed and 47 wounded in the naval battle of Cartagena on the rebel fleet.

PARIS, Oct. 14.—The *Journal De Paris* declares that the recent elections demonstrate the necessity for a restoration of the monarchy to prevent the impending anarchy.

The trial of Marshal Bazaine was resumed at noon to-day. The attendance was larger than on any day since the opening. The President of the Court began his examination of the accused, stating that he should consider that the prisoners and the responsibility commenced with the 12th of August. He however, put several questions in regard to events before that date. In reply to questions concerning the disaster of Forbach Bazaine said he had no knowledge that orders were given to the Generals direct. He was present at the council of war held by the Emperor on the 9th of August. It was then resolved that his army should be brought to the walls of Metz and a movement in that direction began on the 11th, after reaching the city he received no orders to obtain amunition. He complained of the carelessness of the service. He did'nt receive intelligence or any precise information of MacMahon's situation until the 13th, and orders to throw a bridge across the Moselle reached him only on the day before.—Denied that he could be held responsible for the delay and subsequent failure to destroy the bridges to prevent the ememy's pursuit. Telegraphic despatches were read showing Bazaine intended to counteract the flank movement of the Germans, but the Emperor prevented him from carrying out the plans. The Marshal in answer to further questions, especially concerning the 15th of August stated he agreed with the Emperor to march to Verdun, but the delay was caused by battle, and he was otherwise hindered. He was unaware that the Emperor intended to depart from Metz. He declared that the Emperor left no special orders. It was well understood, however that in the event of a strong resistance the army was to remain at Metz a few days and not go beyond Verdun in any case. After the battle of the 16th Lebeuf and Canrobert agreed with him that it was impossible to advance. The responsible officer informed him that his supplies were insufficient. He said that he gave Canrobert all the aid he asked at St. Privat. He blamed Ladmerault for not calling up the reserves. In justification of his conduct after the 18th of August he cited the orders he had received to be cautious. The accused betrayed much excitement at the beginning of his examination, which was long and searching.

JUST OPENED.
The famous Old Prairie Stand, No. 31½ Fayetteville Street, two doors south of Tucker Hall, is now repaired and elegantly fitted up as a Billiard Saloon, Drinking Saloon and Restaurant.

The Billiard Saloon is supplied with the very best Phelan's Patent Carom and pocket tables, and will at all hours be opened for the accommodation of the lovers of the noble game.

The RESTAURANT under the immediate supervision of that prince of Caterers, JAS. FREEMAN, Esq., so well known to the Raleigh eating public as a culinary artist of no ordinary skill and accomplishments, we make a specialty of and will not be excelled by any eating-house south of the Potomac. The dining rooms are elegantly fitted up and furnished regardless of expense, nicely carpeted, well heated and as private as the heart could wish.

The bill of fare will comprise every delicacy, not only of this, but the Norfolk, Baltimore and Wilmington markets. Oysters on the half shell, Oysters in every and any style, Chickens, Turkeys, Duck and every specimen of wild game.

We guarantee to please the palate of the most fastidious epicures, and all we ask is a trial.

THE BAR
will be under the supervision of Mr. JORDAN, of Henderson, a well-known concoctor of beverages, and will at all times be supplied with the best imported and native Wines and Liquors.

As above stated, this establishment has been fitted up regardless of expense, every comfort and convenience made for the public, who will at all times find a hearty welcome to our rooms. They are private, free from noise and bustle, and strict order and decorum will at all times be rigidly observed.
